Assessor Comments

Buyers 4 decks of PCAS eligible Ultrablack & Ultrablack X steers that are all frame and ready to pile on the kilos. Steers present in strong fresh store condition and are best described as good medium to large frame relative to age. This line of steers have grown extremely well in the past 6 months giving the buyer plenty of compensatory weight gain on fresh feed or crop. Steers are ideal to grow out as heavy feeders or take through for a grass fed bullock. This line is all black in colour but did notice 5 x steers with slight red/brindle splash in coat & 1 x steer with a bit of white under brisket. Also at assessment 1 x steer noticed with some old blue eye scarring in eyes 1 x steer with some ring worm scarring & 2 x steers with rub marks on neck.
