	Cattle flowed well through the yards and up the race at assessment with ease. Odd steer stirred under pressure in small yards and in crush but settled once back in with mob.		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	Buyers 4 decks of PCAS eligible Xbred steers that are all frame and ready to pile on the kilos. Steers present in strong fresh store condition and are best described as good medium to large frame relative to age. This line of steers have grown extremely well in the past 6 months giving the buyer plenty of compensatory weight gain on fresh feed or crop. Steers are ideal to grow out as heavy feeders or take through for a grass fed bullock.
