	Steers worked well through the yards with only a couple slightly stirring up in the crush whilst being tagged that quickly settled when rejoined to the mob. Steers are naturally quite and with further handling at weaning will be a pleasure to handle			
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot			
Assessor Comments	Buyers a great opportunity to secure a VGQ 2 deck line of Angus str. They are out of large framed predominately Raff and Lawson blood Angus cows sired by priced Raff Angus bulls and show great length/depth & bone and phenomenal weight for age. These steers have a great reputation and are highly sought after when normally sold as Feeders, they will perform on grass or grain and would be ideally suited to put on oats to take through to heavy feeder market or alternatively taken through to grass Jap ox as they are all HGP free antibiotic and grain free and lifetime traceable to suit all Pasture fed programmes Vendor would normally take steers through to heavy weights but selling entire run of weaner str this year to make room for breeders .
