Assessor Comments	Buyer's, here is a line of vendor bred weaned light weight heifers that average 245kg. Heifers have nice length of body with depth of flank, are very feminine types with muscle and softness and have nice spring of rib and would make great future breeders. These heifers have very good breeding being out of Sutton Beef Santa cows by Golden Arrow Angus sires. Heifers worked well through yards and out in paddock. Note 3 heifers had very slight old blue eye scarring.
