	Steers handled well through yards and crush. Some steers did become agitated on mouthing but settled quickly once back in mob. 1 steer was stirry in yards and through crush and did need 'watching' when working in confined area.			
Handled With	Bikes			
Assessor Comments	A very good quality line of principally Charolais, Santa, Droughtmaster cross steers. Steers are very well grown and show very good bone and muscling. Steers are in good condition and doing very well on good feed. Mouthed 23 head with 22 x good milk teeth and 1 head with fresh 2 teeth. Vendor has two lots this sale with approx 40 head being purchased steers 1 brand) and balance vendor bred. Purchased steers are very well bred and show quality of breeding. Top quality steers to suit export feeder market or take through to heavy grass bullocks off oats with MSA potential.
