Assessor Comments	Smaller line of Quality Vendor Bred young lightweight Angus Weaner Steers that will present a great low dollar output purchase. Steers weighed 136kg to 213kg to average 181kg with an estimated curfew weight of 172kg. Vendor only selling due to the very wet conditions, the onset of winter and wanting to give the cows a better start to winter. 1 steer has had two shots of antibiotic for a small infection. If putting with other cattle for semi trailer trucking, vendor will deliver to Tenterfield Saleyards.
