Assessor Comments	Opportunity presents to purchase a quality line of well bred Angus x Hereford heifers showing good growth and bone structure. Presenting in forward store condition, heifers are on an upward plain of nutrition after benefitting from summer rains and grazing on quality pasture typical of the western division. With all the hard work done heifers well placed to grow out and join to the bull of your choice or further fatten for the trade. Although used to running in big mobs in large paddocks these cattle have been well handled show good temperament and were a pleasure to work in the yards. This is the top draft of predominantly the Angus x Hereford heifers with approximately 9 straight Angus. There was approximately 2 heifers showing a slightly clouded eye at assessment but not deemed detrimental. Please note vendor is offering another 72 heifers and 3 lots of steers in todays sale.
