 These cattle moved very well throughout the yards and crush. They have been very well handled. The odd heifer stirred up in the crush

Handled With Bikes , Dogs , Horses

Assessor Comments	A very good quality line of Brangus heifers. These heifers are soft and well grown and have been powering ahead since going on to oats in April. They have been bunker trained and thoroughly handled through weaning. These heifers would suit feeding or breeding. There are 126 heifers total that will be split by a run at the gate into truck loads.
