Temperament	Yards	Crush	Paddock

Quiet: 36 head

Quiet: 33 head

Temperament not assessed in
Paddock

Calves were very good to handle. They were very quiet as they had been handled a lot during the weaning process.

Handled With

Bikes

Assessor Comments

A line of principally Droughtmaster cross calves coming out of Ultra black cows by Santa and Droughtmaster bulls , or out of Droughtmaster cows by Droughtmaster and Santa bulls. Calves were born on the vendors property and are nice soft calves that will go on and grow out given the opportunity. Calves had been in weaning yards for Severn days before assessment and were going out to the paddock after assessment, These heifers are GRAS ELIGIBLE
