	Steers were very good to handle in and around cattle yards, a great feature with this line of steers they have been handled					

Handled With	very well ,though being un weaned cattle they would benefit from a yard weaning process. Bikes , Dogs , On foot , Vehicles
Assessor Comments	19 EU un weaned Hereford steers, weighing 247 - 338kgs to ave 287.2kgs full at assessment, steers present in forward store condition and have been grazing improved pastures while still being on mum and given the right opportunity should continue to do very well. Steers are out of very soft easy doing Yalgoo and Wirruna blood cows and bulls. Steers are August September 2021 drop and would be ideal to take home wean and put onto grass or crop and grow out to heavy bullocks. Please note steers will be weaned onto the truck at delivery. Please note tis vendor has 2 lots in this sale.
