Assessor Comments	A nice line of vendor bred Steers that present in ideal condition to put on improved pastures or forage crop in the coming months. Steers are bred from large frame Santa cross cows sired by good quality Charolais, Santa & Droughtmaster bulls. Steers are late spring drop and generally are well grown and should continue to grow given the right opportunity. Previously these steers have performed well into feeder & kill markets . Steers are grass fed and Antibiotic free. Vendor has one other line of steers in this sale
