	Weaners worked through the yards extremely well for limited experience. It is a credit to the vendor for how quiet the weaners were to work. Odd animal stirred in crush or under pressure but settled once back with mob.		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , On foot , Vehicles		

Assessor Comments	A line of 66 x PCAS eligible Angus & Angus X weaner bulls & steers that present in store to forward store condition. This lot includes 53 x unmarked males and 13 steers which are described as medium to large frame and are showing plenty of bone, length and confirmation. Weaners have been weaned for over a week at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that will be ideal to put away and grow out to heavier weights. At assessment 1 x head with Ring worm scarring & 3 x head with very slight blue eye.
