Assessor Comments	Buyers, Here is a line of good quality Santa & Santa cross weaned heifers that would make great future breeders (no heifers have been retained). These heifers average 233kg. They present in good store condition, having good growth for age with plenty of length, depth of flank and are very soft, smooth easy doing types. These heifers show nice bone and thickness with plenty of volume and femininity. Heifers are very well bred being out of Clark & Tait (Powella Santa cows) & Teelba Stn Droughtmaster cows by top quality Stud Santa sires. Heifers were very good to work through yards and will be handled right up until delivery. Heifers are Grass only eligible and antibiotic free. Note vendor has other lines in same sale.							
Assessor	Russell Jorgensen (Level 1 Accredited) Phone: 0428 880 411
