Assessor Comments	130 British and Euro cross weaned heifers, weighing 131 - 219kgs to ave 168kgs at assessment. heifers present in forward store to store condition and given the right opportunity and access to good quality feed should do very well with heifers predominantly having good frame and no weight for there age. Heifers have been drafted to suit the supermarket trade for the feeder or kill job or could be taken on and joined to your choice of bull. heifers have had a mixture of yard and paddock weaning and are grazing semi improved native pasture. please note this vendor has 4 lots in this sale.
