	Quiet calves in yard with odd calf impatient in crush but soon settled when handled in yard. Inspected in paddock day prior to assessing and all calves stood and fed quietly around vehicle.		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	Steer calves that are in strong store condition, showing the effects of a cold start to winter bred from females with a long history of Droughtmaster breeding behind them, notably Mungalla Stud Taroom QLD and Jambrae Droughtmasters Casino NSW. Sired by registered stud bulls. Quiet to handle and given a rise in nutrition will grow to feeder or export steers. NB Vendor has the heifer portion in this sale as well.
