	Despite being off the cow these weaners were very naturally quiet, good to handle and respond well to sensible stock handling practices		
Handled With	Bikes		

Assessor Comments	A good opportunity to purchase some VGQ HGP Free vendor bred weaners that will hit the ground running. These cattle show plenty of bone and frame and scream growth potential. They have very good weight for age and are already on their way growing into thumper cattle ready to grow out to the top end of the feeder market or into a very good slaughter article. Steers weight range 226-388kg to average 307.9 (162kg window) @ Assessment Heifers weight range 218-351kg to average 292.4 (133kg window) @ Assessment there were 2 lots of cattle assessed at 2 sets of yards both mobs were drafted off the cow and put on curfew the prior day
