Vendor Bred	Yes
Stock History	Brought down to steer depot last year as weaners.
Lifetime Traceable	100% of cattle in this lot are Lifetime Traceable
Bloodlines	Steers all out of Brahman & Charbray Cows by Brahman & Charbray Stud Bulls. Majority of these steers show minimal hump due to Charbray infusion.
Grazing Conditions	Recently Improved body of predominantly Buffel with presence of some bluegrass and native herbages after rain event in May. Digestive systems are very healthy and these steers are on the up ready to bound ahead on good feed. Returned same
Burr/Seed in Coat	No Burr or Seed of weeds declared noxious observed in the coats at assessment
HGP Status	The owner declares that the cattle have not been treated with HGP at any period of their lives
WHP/ESI	Cattle are within a Withholding Period or Export Slaughter Interval for: Coopers Paramax (28 Day WHP & ESI) as of 19/06/2022 for 228 days
Health Treatments	Drenched 19/06/2022 Paramax (28 Days WHP)
Chemical Residue	Owner Declares Nil Residues.
Eligibilities	PCAS Eligible

J-BAS Score	6
Vendor Comments	Good line to handle in the paddock with bikes and dogs, have improved noticeably over the past 4 months and only selling to make room for weaners and younger cattle with the feed available. 2 weeks tailing as weaners.

Frame		Quality Grades		Store Condition		Muscle Score	
Very Large	5%	Excellent	5%	Fwd Store	30%	C	100%
Large	85%	Very Good	90%	Store	70%		
Medium	10%	Good	5%				

Temperament

Yards	Crush	Paddock
Quiet: 170 head Slightly Stirry: 8 head	Quiet: 165 head Slightly Stirry: 13 head	Quiet: 178 head

These steers were good to work with, and the draft prior to crush-side assessment was completed through a round yard. During individual assessment (crush-side) a large majority of the steers were happy to stand without pressure. At mouthing, a higher percentage were noted to be uncomfortable with the close interaction. Steers were easy to handle in bigger yards in a mob and easy to count through gateway etc.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs
Assessor Comments	6 decks of VGQ, HGP Free, PCAS Eligible, 100% Milk Tooth, No.1 Brahman and Charbray steers of good health and ready to surge ahead on good feed. Good frame, bone and temperament. The feed available (predominantly buffel grass and herbage/weed) is green yet light due to rain event in May which is providing these steers a rising plane of nutrition although there is still plenty of compensatory gain to be had if going on to quality feed. Steers are predominantly Nov 2020 - April 2021 Drop calves and were trucked to Doncaster in July-August 2021 as weaners. Out of a quality Brahman and Charbray female herd by good Quality Brahman & Charbray bulls. All steers treated with Coopers Paramax (an Ivermectin based product) at assessment as a pre-treatment. 2 steers noted to have Fly Bite predominantly in the neck area at assessment. 100% of Mob Bangtailed. Steers range from 261-437kg at assessment with a large majority being 310-400kg.
Assessor	**Bo Scoble (Level 3 Accredited)** Phone: 0417 671 589
