These steers handled through the yards very well. The odd steer stirred up when isolated or in the crush. Cattle moved around quietly while photos were taken and some walked up and were quite inquisitive.

Handled With Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , On foot , Vehicles

Assessor Comments 4 Decks (112hd) of HGP free vendor bred steers. These cattle are showing good growth and have plenty of frame to perform. Some steers have slight scarring from buffulo fly. An oppotunity to buy a good run of feeder steers that are ready to go on with and that have a single brand. Vendor has other lots in this sale. Any cattle over 400kgs were mouthed and they were milk and two tooth.
