When singled out and put in the crush another few heifers are a little stirry, especially when pressure is applied but again are of no concern. Heifers were well handled through the yards and worked well through the crush when assessed.

Assessor Comments	A perfect opportunity to purchase 50 maiden brahman heifers with only two brands in them (two family brands). The heifers were bred by Mt Hector of Proserpine and have been purchased by the vendor and his family directly for the last 12 years. This is a reluctant sale and only due to a surplus of breeding stock, usually these heifers would be joined to Hereford bulls and the progeny well known as the F1 brindle baldy steers renowned for topping the Annual Toogoolawah Weaner Sale. These heifers would be ideal future breeders and perfect to join to the bull of your preference. All bar one heifer are year branded number 0's with one heifer being year branded 9. BUYERS PLEASE NOTE THESE HEIFERS ARE IN TICKY COUNTRY, THE VENDOR HAS PLUNGE DIPPED THESE HEIFERS BUT ALL CLEARING COSTS ARE AT THE BUYERS EXPENSE.
