Assessor Comments	Vendor presents a small, but very good quality run of very soft, well mannered vendor bred heifers for your competition. These heifers come out of a very good breeding herd that have been selecting on temperament, fertility, type, softness and performance for many years. They will remain on their mothers until delivery. These heifers are breeder quality, with the tail being removed and only the straight Droughtmaster heifers being retained by the vendor. 1 heifer was noticed to have a small amount of hair loss around one of their eyes, possibly from fly or perhaps warts, (photo) not deemed to be detrimental in any way. One heifer has a white udder and belly. Please note vendor has 27 weaner steers in this sale that may help out with freight.
