Assessor Comments	Buyers, Here is a great line of well bred weaned EU Angus Steers that average 267kg. These steers have great breeding with a reputation, steers have very good length of body with good bone and show nice muscle expression with plenty of softness. Steers are out of medium to large frame Golden Arrow Grazing cows by stud Booroomooka Angus sires. They are very quiet to handle through yards. One steer was banded at assessment. Note 2 steers had white on under line and 2 steers have slight blue eye spot but not detrimental.
