Assessor Comments	86 Angus and Angus cross weaned steers, weighing 130 - 217kgs to ave 165.3kgs at assessment. Steers present in store to forward store condition and given the access to good quality feed and the right opportunity should do very well. Steers have been drafted to fit domestic feeder operations and with the high price of heavy weaners this is an opportunity to secure a fair to good quality line of angus and angus cross steers. Steers would be ideal to take home grow out put into the feedlot or take though to kill bullocks. Steers have had a mixture of yard and paddock weaning. Please note tis vendor has 4 lots in this sale.
