Quiet: 125 head Slightly Stirry: 2 head	Quiet: 120 head Slightly Stirry: 7 head	Temperament not assessed in Paddock

Weaners were a pleasure to handle working well through the yard and race with only small % becoming slightly agitated in crush but settled quickly once being returned to mob ,strs have had an extensive weaning programme in yards and tailing out in pdk

Handled With: Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot

Assessor Comments: Buyers a great opportunity to secure VGQ No 2 EU weaned strs .These strs are the lead draft of entire run of the Biddenham steer weaners and are out of Large framed Xbred Cows by Gowrie Simmental , Gidyea Brangus and Ultrablack and Valeravale Droughtmaster sires, they show great length , bone and softness with tremendous weight for age and would be Ideal to take through to Lucrative HQB EU Slaughter weights or Heavy EU feeders. Rarely do strs of this quality come on the market as weaners , all the hard work has been done with extensive yard weaning and educating in paddock so strs are ready to power ahead on grass or oats as they have been achieving weight gains of 0.7 kg /day since weaning on frosted country . Please note a few steers show some very small weaner horn due to dehorning miss at branding Vendor has 3 decks of lighter brothers and 2 decks of sisters in the same sale.
