Assessor Comments	4 Decks / 133 good quality Droughtmaster weaner steers on offer, this is an ideal line of younger weaners that would be suitable to turn out on to feed to later sell on as heavy feeders for the local domestic markets, These weaners have plenty of frame and stretch about them, they will grow out very well given the opportunity on feed. They are presenting in store to fresh forward store condition, still a little rough in the coat but still showing shine. Please note at the time of assessment there was 5% Noticed with Old buffalo fly scratches on the Brisket and above the ears. Purchases please see there is another 2 deck line of feeder steers also available in the same sale and another 2 lines of PTIC Cows in the Eastern States Sale.
