Assessor Comments A small very good to excellent quality run of vendor bred Angus weaner steers. These steers are out of large frame, very good quality, registered Angus cows that the vendor breeds and sells bulls out of. The vendor regularly pays well above the average for the sires of these steers and are selected for 400 day growth, frame and confirmation. These steers have excellent bone, weight for age, softness, temperament and have the reputation of performing on grass or grain. There were 2 steers noted to have no brush on their tails and one steer has a small amount of white around cods.
