Assessor Comments	Buyers a great opportunity to secure a good line well bred Steers that are being offered up for sale. These Steers have spent the last 3 months standing in wet and muddy conditions due to being in flood-out country, these Steers are in good store condition and are not in prime condition as you would expect showing opportunity for good compensatory gains to be had. Steers are ideal to put away onto a Winter crop to take on to heavier weights to suit a Domestic or Export market. These Steers show exceptional quality with thickness in the bone and length of carcase and shape of muscle expressions. Please note same vendor is offering the older brothers in the same sale along side the run of Heifer portion.
