Assessor Comments	Buyers a great opportunity to secure a good line well bred Heifers that are being offered up for sale. These Heifers have spent the last 3 months standing in wet and muddy conditions due to being in flood-out country, these Heifers are in good store condition and are not in prime condition as you would expect, showing opportunity for good compensatory gains to be had. Heifers are ideal to put away on a Winter crop to take through to heavier weights to either join to a Bull of your choice or feed. These Heifers show exceptional quality showing good softness, thickness and muscle patterns, length of carcase and feminine heads. Please note same vendor is offering numerous lots in the same sale.
