Steers worked pretty easily through a good set of yards and I would think will settle down fairly quickly once they arrive at their new destination.

Handled With: Bikes , Dogs , Horses

Assessor Comments: Buyers a small line of weaned Angus steers that are very good quality calves. They are located only 16kms from the Gore

| | |
|---|---|
| | Roadhouse on the Cunningham Highway (Goondiwindi/Warwick road). This should allow buyers a backload opportunity for any trucks heading south empty. These calves are running in lighter breeder type country and aren't carrying any excess condition so I would think they will bounce away on good quality feed or crop on heavier country. They have definitely not had any setbacks at any stage and they appear healthy (no weeping eyes or nasal discharge). There are 2 other lots in this sale from the same place that can be used to fill up a load. Who knows what these would make if their was a full truck load of them. |
