At the time of assessment heifers had only been weaned for 4 days and it was their first time being drafted and worked through yards since being taken off the cow. A small % became unsettled in round yard while being drafted but once they were shown the gate they settled quickly. Please note the Craigie Station cattle are very well handled cattle and these heifers will be handled and educated in the yards and tailed out up until delivery.

Handled With	Bikes , Dogs
Assessor Comments	A line of 78 good quality vendor bred Simmental cross weaned heifers presenting in forward store condition that had a LWT range at assessment of 204 - 351kg full to average 247.5kg after a - 4% curfew. Buyers this is a great opportunity to secure a line of front paddock weaned future breeder heifers showing softness, good growth and weight for age. The Craigie Station cattle are renowned for their fertility, doing ability and performance. Heifers are PCAS and grasslands eligible and would also suit to background, feed or fatten on crop. Please note; Heifers had been weaned for 4 days prior to being weighed so please take this into consideration. Brother lot in same sale.
