Quiet: 11 head	Quiet: 9 head Slightly Stirry: 2 head	Temperament not assessed in Paddock

Steers were drafted off mother & ran through race & crush without any issues at time of assessment. Generally good to handle in crush & yard.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	A small run of quality Angus cross steers that will continue to improve on improved pastures or a forage crop. Ideal weaners to take onto the domestic/heavy feeder market. Soft steers showing plenty of shape, muscle depth & good conformation. Angus bulls are selected for growth & high EBV indexes. Steers will be weaned on day of delivery.
