Cattle were excellent to handle in the yards, some of them bordering on docile. They moved through the crush nicely. Low Stress Stock handling techniques used on the property. Cattle are cell grazed so are trained to electric fences.

Handled With	Bikes , Horses , On foot , Vehicles
Assessor Comments	A very good quality line of EU accredited Shorthorn and Shorthorn cross weaner steers. Have been yard weaned. With mostly large frames and good bone and conformation these steers are suitable to take to the heavy end of export feeder weights or top end of EU or other premium slaughter markets. Note they are grass market eligible, never been fed grain. They are also eligible for The Thousand Guineas Beef program.
