| Assessor Comments             | An excellent quality line of Charolais (with 4 Angus) Speckle Park cross Heifers. These females were part of an AI program where the vendor used semen from Wattle Grove Smoke and Mirrors and backed up with a Wattle Grove bull from the same sire line. These heifers are performing well on native grass and clover and will bounce again on a change of diet. A fantastic cross with a quality line of Palgrove cows used. Note two heifers with old blue scarring all healed now. Excellent temperament ideal to join in the spring Buy with confidence. |
