Assessor Comments	12 Well grown Angus cows with their second calf at foot. Cows present in prime condition and are doing a great job with their calves. Cows have continuously run with a quality speckle park bull since calving. Please note cows have been on a feed ration of hay, silage, Bread and Vegetables while running on a light natural pasture. Although these cows have been on a feed ration they are all sound in the feet. 3 Cows with the oldest calves have been PTIC and the remainder could well be early pregnant though not pregnancy tested.
