Assessor Comments	5 Speckle Park & Speckle Park cross heifers with their first calf at foot. Heifers present in prime condition. The youngest calf presents very fresh though the 4 oldest calves are showing the signs of winter and have begun to dry off. Heifers have continuously run with a quality speckle park bull since calving. Please note heifers have been on a feed ration of hay, silage, Bread and Vegetables while running on a light natural pasture. Although these heifers have been on a feed ration they are all sound in the feet.
