	Overall, vey good cattle to handle through the yards. Odd weaner was agitated/nervous in crush and pushed up race quickly but settled back into mob well once released.

Assessor Comments	A neat run of Brangus and Brangus/Braford weaner steers. Steers are out of large framed cows and are Bimbadeen, Belview and Kimberly Downs Brangus bloodlines. These steers are showing plenty of frame and bone and would be ideal steers to take through to heavy feedlot weights or right through to kill. These cold country steers are in forward condition and would finish quickly on crop or grain if given the chance in a warmer climate. The Golby family have been breeding Brangus/Braford cattle near Jindabyne for many years and have had great results selling cattle at all stages of growth, including kill cattle. This is the complete Autumn 21 drop on offer with a small tail removed. Please note: Vendor also has 3 lots of heifers in todays sale.
