Handled With	Properly weaned and race trained cattle with daily work being put in to these weaners to educate them. Cumberoona cattle have always been easy to work through the drafting and weighing process when assessing for A+. Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	Annual offering of the Elliott Family "Cumberoona" bred Spring drop weaners with this lot representing the second draft of steers. Properly yard weaned and race trained, these cattle are bred in the hills surrounding Lake Hume, the progeny of classed volume cows and carry an excellent reputation for performance. Noted an odd weaner with light ringworm and 10 steers with slight pinkeye scar. PCAS Grass Assured declaration available at purchasers request. Note photos and videos are of all three lots of steers combined as a mob. Vendor offering 167 steers and 75 heifers over four lots in this auction.
