Handled With	Serpell's focus heavily on temperament and cull any cow that is not docile. Bikes , On foot		
Assessor Comments	A rare opportunity to purchase registered Poll Fleckvieh heifers with high quality breed genetics, from a closed herd with focus on commercial performance and temperament, the first offering of heifers by the vendor in 10 years. This lot of heifers features an AI daughter of LRX HP Rocket 23Y and one of Horn 889 CSA, as well as a daughter of Serpell's Nakfa (AI Sire PHS Bank Roll 345B) and 2 heifers by Serpell's Mangellen. These heifers are an excellent example of the breed from a herd of cows with fantastic maternal qualities Fleckviehs are renowned for, they will go on to become fantastic dams for the successful buyer. They show excellent shape and style, they are feminine types that have developed well and will grow into moderate frame cows with milk and maternal qualities to produce excellent offspring. Having had 3x Pestigaurd, 3x 5in1 and a Multimin all the work is done and they are ready to go into a breeding program. Note the vendor is offering 2 other lots in the same sale.
