Handled With	Bikes , On foot		
Assessor Comments	A rare opportunity to purchase registered dual purpose Fleckvieh heifers with high quality breed genetics, from a closed herd with focus on commercial performance and temperament, the first offering of heifers by the vendor in 10 years. This lot of heifers are sired by Serpells Prince Wille (see last photo), a dual purpose sire who is an AI bred son of Austrian bull Wille who has high dairy and beef qualities. They are out of first time heifers and have grown very well, showing the power of their sire and the cow herd they have been bred from. These heifers show excellent shape and style, they are feminine types that have developed well and will grow into good cows with milk and maternal qualities to produce excellent offspring. They are an excellent example of the breed from a herd of cows with fantastic maternal qualities the Fleckvieh breed is renowned for, they will go on to become fantastic dams for the successful buyer. Note the vendor is offering 2 other lots in the same sale.		
Assessor	Wade Ivone (Level 3 Accredited)
