| Assessor Comments  | Good fresh young line of the beautiful and sought after F1 Speckle Park x Heifer calves. Every box has been ticked and no corners have been cut in the early development of these females making sure they get the best start possible to grow out and become future vealer mothers. Receiving all the animal health treatments and weaning onto a selected grain/pellet ration with permanent access to quality hay. Ideal calves to take on for anyone wanting some healthy young front paddock F1's and not wanting to go through the trying process of bucket rearing. Notes. A small handful of females observed with some healing ringworm signs. Please see photos & video for full contentment. |                                                                                  |               |
