| Assessor Comments  | Good fresh young line of F1 Bull calves. Every box has been ticked and no corners have been cut in the early development of these lads making sure they get the best start possible to grow out. Receiving all the animal health treatments and weaning onto a selected grain/pellet ration with permanent access to quality hay. Ready to be marked and put out on feed. Ideal calves to take on for anyone wanting some grass eaters but not wanting to go through the trying process of bucket rearing. Notes. A small handful observed with some healing ringworm signs. Please see photos & video for full contentment. |               |               |
