Assessor Comments	**Opportunity to secure an excellent run of one mark steers** There are 126 of these steers sold as 108 and 18hd as a run out the gate. Averaging 281 kg With an overnight curfew for buyer confidence. They present very well with frame and weight for their age and in excellent health. They are starting to display all the characteristics of their breeding with length and depth. They are clear in the eyes and going ahead well post weaning. The Seven Creeks Est steers are noted doing cattle and will perform given the opportunity. Breeding program in last ten years has focused on 400 + 600 day weights concentrating on the top end of the bulls. Well weaned these calves would keep going ahead given the opportunity.
