Assessor Comments	These heifers possess all the outstanding attributes of the Team Te Mania program. Only being sold due to being not detectably pregnant - vetted as reproductively sound. They are very even and averaged 406kg full (393-436kg) at assessment. Sires used in the Team Te Mania program are some of the best in the country, with particular emphasis on marbling, growth and temperament. These are a beautiful line of heifers that would suit someone wanting very quiet, easy doing cattle with first-class genetics. Vendor also has a line of 54 weaner steers in this sale.
