Assessor Comments	An outstanding draft of EU accredited, Aug/Sept drop, pure Te Mania blood weaner steers. These calves are tops of the drop & have powered ahead post weaning! All calves were weighed from 280-340kg at assessment. They received a Multimin vaccination & Cydectin drench at weaning on 24/3/22. These steers are sought after by repeat purchasers year after year for their doing ability & their exceptional temperament!!! Vendor has been sourcing bulls exclusively from Te Mania for the past 10 years & selects bulls with a high focus on shape, temperament & structure. They come with my highest recommendation!! **Vendor also has a total of 226 steers in this sale.**
