	Odd steer wanted to burrow and push through the race or was unsettled in the crush. Handle well in a larger yard but will want to rush through gateways but are easy to block up or slow down.

Assessor Comments	EU accredited Angus steers that weighed between 314-390kg to average 367kg full at assessment. From a high performing commercial herd, Wando Estate always purchase high indexing Barwidgee Angus bulls with the steers always being highly sort after by major feedlots. These are all frame and no fat - ideal steers to take out to heavy feeder weights or grown out to kill weights. Please also note; vendor also has 34 cows in todays Eastern States Cattle sale.
