Cattle handled well through yards. These are cows that have a little run in them when shown open gates or pushed too hard, but are quite content when left alone in yards. Any experienced cattle person/s would have no issues handling these cows.

Handled With	Bikes , Dogs , Vehicles
Assessor Comments	On offer is an outstanding line of mature aged females that are rising 7 years. These cows are PTIC to high indexing Reiland Angus sires which vendor has build their herd genetics on for the past 20 years. Cows are to commence calving in August over a 9 week period. Buyers please note there are approximately 4 cows with white on undercarriage. These cows represent a great amount of genetic merit as well as an overall good framed, deep bodied female which would stand up in the foremost of Angus herds. Cattle come highly recommended and are sensibly reserved.
