Quiet well handled heifers.

Handled With	Bikes , On foot
Assessor Comments	An outstanding line of 17 PTIC Angus heifers. Proudford Ag have been purchasing bulls off Reiland for the past 15 years. Their focus has always been on positive fat, low birth weight and high 400 day growth. This line of classed in breeders are backed by years of superior genetics which shows in these heifers. They are PTIC to low birth weight heifer bulls for a tight 30 day joining period, well grown and in ideal condition for this stage of the pregnancy. They would be an asset to any Angus herd and will mature into large frame, deep bodied matrons producing quality calves for years to come. NB:1 heifer with white belly.
