**Assessor Comments**
PTIC Angus heifers to commence calving 27th July for a tight 4 week period. These heifers are predominantly Lawson & Te Mania Angus blood. They are 17-19 months of age and averaged 471kg at assessment after a 3 hour curfew. They were joined to LBW Bongongo Angus & Rossrich Angus bulls, & were scanned 10 weeks after joining to identify the heifers that joined in the first 4 weeks. These heifers present in ideal calving condition with all the care taken in their management & health treatments. These heifers are showing all the signs of being quality matrons for seasons to come. With their quiet nature and ease of handling they are ideal heifers for cattleman of any experience. Buyers please note two heifers with small splash of white on their udders and one heifer with small blemish on one eye not affecting vision.
