All were brought up by a single handler with no issues, led up the race with ease and exited the crush at a walk. 2 heifers displayed some anxiety in the crush, some tail flicking and stomping but exited the crush calmly. Well educated, quiet females, a credit to the Vendor.

Assessor Comments Upper Murray bred heifers carrying the renowned Ardrossan & The Glen Angus Blood. These are very deep, long barrelled females with correct conformation, good bone & a real maternal style about them. Originally retained as the keepers, now a change in circumstance has them being offered for sale. Joined to a recently purchased L.B.W Ardrossan Angus Bull. No expense had been spared producing these cattle, receiving all the necessary animal health treatments to make sure they never had any set backs in their development. Well mannered Angus females that present a great opportunity for investment, either to calve down and take advantage of the buoyant heifer/calf market, or retain as your own quality breeders. Buyers please Note. 1 heifer with a white flank, 2 heifers with white on or in front of their navel. None of the above deemed detrimental. Please see photos & video.
