All cows handled well throughout the yards, some just moved a little faster when filming and taking photos. 1 cow moved around quite a bit on the scales and exited quickly. The remainder of the cows handled well through the crush and yards with a few docile cows through this lot.

| Assessor Comments | A good opportunity to purchase 25 x 25 Angus and Angus x cows with healthy calves at foot that are. They are only being sold to make room for younger females coming through. The cows in general are very good to handle, there are just a few that moved a bit faster in the yards when we were filming and drafting the calves off. This line of cows and calves would be an excellent trade option or to rejoin for another calf. They are doing a great job on their calves which were marked at assessment.Ready to join to a bull of your choice. |
