Heifers were very settled at assessment, They were Easy To Draft, They Did Push A Bit In The Race

Handled With	Bikes , On foot , Vehicles
Assessor Comments	A line of well bred heifers that were purchased last year with this project in mind, They were selected at purchase time for their temperament and conformation, The Heifers are out Te Mania blood cows and sired by a Pinora Angus bull, They have been joined to Pinora Angus sires that were selected for calving ease as well as strong growth and carcass data, They are well grown and as indicated by their conception timeframe very fertile heifers that present in ideal calving condition, They would be an asset to any Angus herd as a top up or as potential foundation breeders for a start up operation. 1 heifer has slight blue eye but it was not affecting its vision,
